

South East Asian International Regional Workshop
Hosted by hosted by
Research Center for Educational Innovations and Teaching and Learning Excellence
(EDIT)
Prince of Songkla University, Thailand
26 February- 1 March 2017

Feedback from Participants

ISSBD regularly evaluates the effectiveness of the investment it makes in regional workshops. In order to help ISSBD make the most effective use of its resources to support early career researchers, we would be grateful if you could provide feedback and constructive critic on the current workshop.

1. What aspect of this workshop should be retained when planning any future ISSBD workshops in this or other regions of the world?

2. What aspect of this workshop could be improved when planning any future ISSBD workshops in this or other regions of the world?

3. What professional development needs relating to research in human development do you have that remain to be met?

Feedback from Participants

1. The workshop contained 4 presentations that focused on knowledge development <ul style="list-style-type: none"> • Research on school safety and school climate (Rami) • The Asian context and issues in cross-cultural comparisons (Peter) • Social Relations: the Good, the Bad, and the Ugly (Toni) • The impact of ICT on school safety and school climate (Ruthaychonnee ; Ruth) • Harnessing pupil voice in research (Barbara) • School violence, bullying and cyberbullying (Dennis) • Practical and ethical issues in pupil-based research (Suman) 					
Please evaluate these knowledge development presentations by placing a tick in the column that best reflects your experience	1 Strongly disagree	2 Disagree	3 Neither agree nor disagree	4 Agree	5 Strongly agree
These presentations enhanced my knowledge base					
These presentations were relevant to my own research					
2. The program also included 3 skill development workshops <ul style="list-style-type: none"> • Methods of research (Suman&Barbara) • Publishing in academic outlets (Rami&Dennis) • Disseminating research: press releases and using the media (Peter&Ruthaychonnee ; Ruth) 					
Please evaluate these skill development workshops by placing a tick in the column that best reflects your experience	1 Strongly disagree	2 Disagree	3 Neither agree nor disagree	4 Agree	5 Strongly agree
These workshops were valuable for the development of my research skills					
The skills on which workshops focused are directly relevant to the next stage in my research career					
3. ISSBD workshops also usually include the opportunity for participants to present a research poster/Oral					
Please evaluate this tradition by placing a tick in the column that best reflects your experience at the current workshop	1 Strongly disagree	2 Disagree	3 Neither agree nor disagree	4 Agree	5 Strongly agree
The process of designing my poster /oral was a valuable learning experience.					
The process of presenting my poster / oral was a valuable learning experience.					
I received valuable feedback from my peers and the adjudicators					

4.ISSBD Workshops also aim to build relationships and informal research networks among participants					
Please evaluate this aspect by placing a tick in the column that best reflects your experience at the current workshop	1 Strongly disagree	2 Disagree	3 Neither agree nor disagree	4 Agree	5 Strongly agree
The workshop was effective in facilitating interaction between participants					
I identified other early career scholars in my region who conduct research					
<ul style="list-style-type: none"> • On the same age group as me 					
<ul style="list-style-type: none"> • On the same topic as me 					
<ul style="list-style-type: none"> • Using similar research methods as me
